

APPLY NOW CIVIC TECH INNOVATION EXECUTIVE COURSE

Are you passionate about learning how digital technologies and civic innovation can enable new approaches to development and governance, with the potential to improve the lives of millions of people?

We are looking for innovators and practitioners from government, non-profit and private sector organisations to join us on this course. Share and deepen your knowledge at the Wits School of Governance.

Course information

Date: 26 February 2024 until 1 March 2024

Venue: Wits School of Governance,
Parktown Management Campus

Cost: R15 000

***Applications close:** 22 January 2024

*There are a limited number of bursaries available and will be granted based on motivations and meeting eligibility requirements.

Benefits of this course:

- Understand civic tech trends and opportunities
- Identify opportunities for digital innovation in social impact initiatives and service delivery
- Learn about different research and civic tech tools
- Learn to improve interaction between communities, government and stakeholders for better outcomes
- Explore institutional arrangements for enabling civic tech adoption
- Connect with digital and innovation leaders in other organisations and sectors

“I learnt how civic technology could be leveraged to improve service delivery and the lives of ordinary South Africans. The course offered us the latest methods to engage with government. It was also an opportunity to meet and network with other colleagues in the civic tech space”

Dr Maxwell Maseko,
Civic Tech Innovation Graduate
